

# IDEAL FACULTY

## Time management

A typical class of an effective teacher

5%

Recap of last class

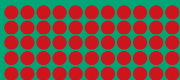

5%

Objectives for the present class

30%

Presentation by the teacher

55%

Student activity (assignments, quiz sessions, etc.)

5%

Round-off of the session

## Attributes of a good teacher:

- 1 Induces interest in the subject by sharing purpose, vision and by experiential pedagogy
- 2 Good in classroom management (uses time effectively, is prepared and fully involves every student)
- 3 Has deep knowledge of her subject and is constantly learning
- 4 Encourages creativity, and critical thinking, and not rote learning
- 5 Keeps encouraging and motivating
- 6 students, gives individual attention to every student and is not partial
- 7 Good in communication skills
- 8 Has positive expectations of each student
- 9 Encourages teamwork and cooperative learning, not pushing students into a rat race
- 10 Gives accurate feedback and suggests ways of improvement to each student
- 11 Treats students with dignity and care

The attributes are ranked on the basis of students' response.
