

LED Options

C CRANE GEOBULB

At 7.5 watts, this direct replacement bulb gives as much light as an ordinary 60-watt bulb and comes in three colours.

Price: \$119.95

From: online shopping at www.ccrane.com

PHILIPS LIVINGCOLORS

Four types of LEDs within this distinctive-looking lamp offer you a rich palette of 16.8 million colours in which to bathe your room interiors. A sleek remote control allows you to dynamically change colour and saturation to capture the mood you want.

Price: £119.99, with an estimated street price of £79.00

From: Amazon.co.uk

SYLVANIA LED COLOR-CHANGING NIGHT LIGHT

Unlike most night lights that need to be plugged into a wall socket, this large spherical ball of light runs on button-cell batteries and switches on with a mere press of the ball. It can display up to eight static colours or automatically transition between them.

Price: \$6.99

From: online at smarthome.com. Also check local stores.

PHAROX 40 WATT LED LIGHT BULB REPLACEMENT

This bulb is 90% more efficient than a traditional one and produces a claimed 230 lumens of light. It operates with universal power supply from 120V to 230V.

Price: \$32.95

From: online at www.eaglelight.com

PHILIPS IMAGEO LED RECHARGEABLE CANDLE LIGHTS

It mimics the look of a candle in a glass, and you may be forgiven for mistaking it for the real thing. A base station charges a set of four for up to 20 hours of use. Just shake the glass to switch them on and use them both indoors and outdoors to recreate the ambience of candlelight without the risk of fire or hot wax.

Price: £29.99, with an estimated street price of £19.55. You may also spot them at upmarket Indian retail outlets for about Rs3,500.

From: Amazon.co.uk, but also check Indian outlets.
